EDUCATION

V.S.M. Institute of Technology(VTU)
Computer Science & Engineering(CSE) B.E
CGPA: 7.81

Nipani
Dec 2022 - May 2026

K.L.E G.I Bagewadi College
Pre-University Science
Percentage: 70.50%

Nipani
June 2020 - April 2022

Akol Highschool Akol
KSEEB SSLC
Percentage: 80.8%

Akol
June 2019 - June 2020

EXPERIENCE

Dhee Coding Lab (BTM Branch) | Python Full Stack Trainee Bengaluru | FEB 2026 - Present

- Currently Upskilling In Python Full Stack Development to enhance my web development knowledge and build industry-relevant skills.
- Working On Practical projects to improve my programming abilities, problem-solving skills, and hands-on development experience. Skills Attained: Python, Sql, HTML, CSS, JavaScript.

SKILLS

Programming Languages: Python, Html, Css, Javascript
Tools / Platforms: VS Code, Git, Github
Databases: SQL

PROJECTS / OPEN-SOURCE

Intelligent Hand Sign Detection Using AI for Deaf and Blind People *Python,Html,Css,Sql,Javascript*

Built an AI-powered real-time hand sign detection system using computer vision and deep learning to recognize sign language gestures and support communication for deaf and blind users.
Designed a user-friendly interface with real-time gesture recognition, accurate text conversion, and speech output, enabling seamless and inclusive two-way communication.

Trip Planner

Python,Html,Css,Sqlite,Javascript,Django

- Developed a travel booking platform using Python and SQL, where users can explore destinations, compare travel packages, and book trips through a simple web interface.
- Implemented CRUD operations using SQL for user accounts, destination management, and trip booking through a user-friendly website.

CERTIFICATIONS

- Python Certificate of Accomplishment - HackerRank.
- SQL Certificate of Accomplishment - HackerRank.

HONORS & AWARDS

- Solved 100+ LeetCode Problems and regularly practiced coding challenges.
